

Battery/Energy Storage Installer

SolarCraft – Novato, CA

SolarCraft is 100% Employee-Owned and one of the largest green-tech employers based in the SF North Bay. Our team of dedicated employee-partners is proud to have installed more solar energy systems than any other company in the North Bay (8,000+). We are a certified Green Business, consistently ranked as one of the best places to work in the North Bay.

SolarCraft's Battery/Energy Storage Installer will be Full-Time, based in our Novato, CA office/warehouse.

Skills and Responsibilities:

- Install solar electric and battery storage systems
- Climb ladders and work at elevated heights of two or more stories on various roof types
- Operate power tools, saws, drills and light duty equipment, bend conduit and build electrical junction boxes
- Read engineered building plans
- Stock trucks per job at the warehouse
- Maintain a clean work site and vehicle
- Assist with photos for each installation and upload them to the server
- Arrive at job site or shop at the scheduled time
- Knowledge and comfort with OSHA safety standards and strict adherence to company safety policies regarding fall protection and protective equipment
- Maintain a professional appearance and character on all job sites and with all customers
- Other duties as assigned

Requirements:

- 2 years' previous solar experience required. This includes installing solar battery energy storage systems like Tesla Powerwall, Enphase Encharge, Sonnen, or Generac.
- Must be able to routinely lift 75 lbs with technical build aptitude
- Personal means of reliable transportation to and from the shop and job site
- Clean license to drive
- High School graduate or equivalent

Competitive Compensation and Benefits:

- Competitive pay including base hourly wage and paid time off benefits.
- Health insurance with company subsidy.
- Employee Stock Ownership Plan (ESOP) participation and 401(k).
- On-the-job training and education in solar energy, including cross training between Solar Thermal and Electric PV, Residential and Commercial projects.
- Opportunities for advancement within a rapidly growing clean energy industry

SolarCraft is an equal employment opportunity employer. Proof authorization to work in the US and/or U.S. citizenship must be provided.
